

## About Founder :

Mr Hussain started his journey from Pimple Gurav. To earn a living he started his first job to sell ball pens in schools, hospitals, and other public places in Pune. While rendering his job he used to come cross people in hospitals without caretakers, which used to make him sad and this gave him inner urge to do something for these people. Hence, he started Real Life Real People organization to help poor, sick and needy people in hospitals. Now, it's been a decade he is rendering this service selflessly. During this service he fought with many challenges patiently.

He knows that it is very hard to make change in the society. Currently he rendering his service in Yashwantrao Chavan hospital, but would like to extend it to all the government as well as non-government hospitals in PCMC area.

Besides this his future plan is about baggers and poor children. He wants see bagger free PCMC area. He wants to eradicate all the beggars by providing them employment so that they can live a good and independent life further. Also, when he see kids are forced to beg on streets, it really sadden him as he knows that they are deprived of their basic right education. He is working towards providing them education so that they can live a normal life further.

He would like to appeal people to come forward and help him in this noble cause.

### **Our Vision :**

*“People die because of poverty as they cannot afford the heavy expense of operation, costly medicines and other medical treatments. Hence our vision is - There shouldn't be any poor in any Government as well as non government hospitals without food and medical help so that he/she can leave a better life thereafter.”*

### **Our Mission :**

*“Actively raise funds to provide food and other immediate medical help to patient under poverty level in all Government as well as non-government hospitals a!! over India. As well as Adopt and Educate, intelligent poor children to change the face of our society, as we all know education is the backbone of the society.”*

### **Our objective :**

- *Using all the means and tools providing current knowledge and technology for our co-operation and aid – objective.*
- *Putting collective interest before personal use.*
- *A desire to fight and better ourselves.*
- *Open mind and innovative spirit*
- *Giving maximum priority to health and educational issues.*

## **About Real Life Real People Foundation :**

Real Life Real People is non-profits organization registered under Social Development registration act. This organization is established in year 2010, and is presently headed by Mr. M A Hussain. The organization is mainly based in Yashwantrao Chavan Memorial Hospital. It is backed by many of his friends working in various industries, who provided finance and support genuine grassroots initiatives targeted at providing food and other immediate help for patient under poverty level in YCM hospital.

Considering our efforts, on 30<sup>th</sup> August 2013, Yashwantrao Chavan Memorial Hospital has given us an office in its premises to enlarge our scope of work.

**Inauguration Ceremony of RLRP office in YCM**

We actively raise funds to support the poor undergoing major treatments in specialty hospitals like YCM. We not only provide free food to poor patients but also provide medical assistance to them. We also take care of abundant women and others patients in YCM hospital. We try to solve each and every problem of patients under poverty level. Even Funeral service of unknown dead patient is done by our organisation. With our support, it is not only possible to improve the effectiveness of healthcare programs but also the general health of population which can contribute greatly to the progress of the society.

Since last 2 years Organisation is implementing different programs on Health, Education, economical and social for overall development of underprivileged population in YCM hospital. In the process it changed the lives of many individuals who are in real pain.
